

MOUNTAIN BIKING TRAILS

From novice to expert, the newly created mountain bike trails system (built by Steve Ovitt, Wilderness Property Management) offers 15 km of single-track adventures. Each trail is individually marked with trail name, distance, and difficulty rating. The course provides a challenge for all abilities and riding styles with uneven terrain, hill climbs, rocks, logs, stumps, and narrow and wide spaces to navigate through.

NATURE TRAILS

Get in touch with nature as you explore and learn about the botanical wonders of the Foothills. These 1.3 miles of casual hiking lead you on an educational experience of 28 different species of plant life. The nature trail system was created by Eric M. Rist in 1988 as part of his Eagle Scout requirement. More recently, these trails have been restored and rejuvenated by Alex Benway, also as an Eagle Scout project. New features include GPS mapping and coordinates.

SNOWSHOEING TRAILS

When the nature trails become engulfed in the Southern Adirondack snowfall, these trails become a snowshoer's dream day trip. With the convenience of shorter travel, adequate parking, restroom and a warming house this is surely the place for the whole family to enjoy!

MORE WINTER FUN!
Try out the popular sledding hill and ice skating on the pond!

CROSS-COUNTRY SKI TRAILS

Whether you're a traditional or skate-style cross-country skier our spacious and groomed trails will guide you through an array of environmental features covering nearly 3 miles. There are long, flat portions of trail, along with some hills, all depending on your path selection. We offer three main color-coded loops ranging in distances and ability levels.

HIKING TRAILS

These trails are great for that family outing and picnic along the way. The logging-road-style trails are suitable for heavy-duty strollers and Radio Flyer wagons. Three well-maintained, color-coded, loops of 1/2 , 3/4 and 1 mile. Parking is available at all three trailheads within the park.

PARK FEATURES

- Picnic pavilion with tables and grills (available for rent)
- Playground area
- Half-court basketball area
- Pond-fishing, youth age 16 and under

POOL FEATURES

- 6,200 sq. ft. outdoor pool with 1-meter diving well and slide
